NVSTx is not a tax advisor, broker, financial advisor, or investment advisor nor is any "Investor" or "Expert Trader" on the platform unless explicitly stated otherwise. The service is not intended to provide tax, legal, financial, or investment advice. Nothing on this platform should be interpreted as an offer to sell, a solicitation to buy, or a recommendation for any security.

Trading in such securities can result in immediate and substantial losses of the capital invested. You should only invest capital that you can afford to lose. You alone are solely responsible for determining whether any investment, security or strategy, or any other product or service, is appropriate or suitable for you based on your investment objectives and personal and financial situation. You should also consult an attorney or tax professional regarding your specific legal or tax situation.

The Content is to be used for informational and entertainment purposes only and the Service does not provide investment advice for any individual. NVSTx, its affiliates, and partners specifically disclaim any and all liability or loss arising out of any action taken in reliance on Content, including but not limited to market value or other loss on the sale or purchase of any company, property, product, service, security, instrument, or any other matter.

You understand that an investment in any security is subject to a number of risks and that discussions of any security published on the Service will not contain a list or description of relevant risk factors. In addition, please note that some of the stocks about which Content is published on the Service have a low market capitalization and/or insufficient public float. Such stocks are subject to more risk than stocks of larger companies, including greater volatility, lower liquidity, and less publicly available information.

This content is provided for informational purposes only and is not intended as and may not be relied on in any manner as a recommendation or endorsement of any user, portfolio, thematic idea, or ESG factor offered by NVSTx ESG, Inc. or its subsidiaries or affiliates (together "NVSTx"). All investments involve risk, including the possible loss of principal. Past performance does not guarantee future results, and investors should consider their own investment goals, risk tolerance, and financial situation before investing.

The content herein is not warranted as to completeness or accuracy and is subject to change. The information presented, and its importance is an opinion only and should not be relied upon as the only important information available. The information may contain forward-looking statements, including assumptions, estimates, projections, opinions, models, and hypothetical performance analysis, which are inherently subjective. Changes thereto and/or consideration of different or additional factors could have a material impact on the statements made herein and NVSTx assumes no liability for the information provided.

User Portfolios

Users' Portfolios connected to NVSTx are the result of individual user choices and preferences. It's essential to understand the limitations and responsibilities associated with these portfolios.

- **No Investment Advice:** Users are expressly prohibited from providing investment advice through NVSTx. Portfolios created by users do not constitute recommendations for the purchase or sale of any security or portfolio.
- **User Objectivity:** Users create portfolios based on their own individual circumstances, preferences, and investment objectives. The portfolios may not align with the financial goals, risk tolerance, or time horizon of any other user.
- **Non-Fiduciary Role:** By connecting accounts, users are not acting in any capacity as an investment advisor, fiduciary, or registered representative. NVSTx does not endorse or validate the suitability of user-created portfolios for any specific individual.
- **Educational Purpose:** Portfolios on NVSTx are for educational and informational purposes only. They serve as a tool for users to explore and understand different investment strategies but should not be considered as personalized investment advice.
- **Risk of Loss:** All investments involve risk, and the past performance of any portfolio, strategy, or security does not guarantee future results. Users should carefully consider their own financial situation and consult with a qualified financial professional before making investment decisions.

- **Independent Decision-Making:** Users are encouraged to conduct their own research, seek independent advice, and carefully evaluate their financial goals before relying on any information provided on NVSTx. NVSTx does not assume any responsibility for the suitability, accuracy, or completeness of user-generated content.
- **General Copy Risk:** Since the primary information Users publish is their account activity, User could be trading ahead of you outside of NVSTx and get a better price than you are able to achieve. If a User is buying or selling a high enough volume of an issuer, that fact alone could move a security to a less favorable price for you.
